

SYNGENTA SERVICE CONTAINER STEWARDSHIP PROGRAM

Syngenta is committed to providing products with superior performance against a broad spectrum of insect pests. By purchasing select Syngenta products according to the specifications in this sheet, pest management professionals (PMPs) can take advantage of the **Syngenta Service Container Stewardship Program** to help ensure easier, more effective product mixing and treatment applications.

Program Information

PMPs can receive complimentary service containers and labels with purchases of select Syngenta products. To qualify for this program, a PMP must purchase at least \$10,000 worth of the Participating Products listed below. If purchase requirements are met, Syngenta will provide the appropriate quantity of service containers and labels. Funnels and measuring cups are also available upon request.

Participating Products and Service Container Details

Participating Products	Service Containers Offered
Advion® Insect granular bait	1-quart bottle
Demand® CS insecticide	2.5-gallon jug
Tandem® insecticide	1-pound shaker bottle

- PMP will follow all purchase requirements as defined in the Syngenta Service Container Stewardship Program.*
- PMP will review all program requirements with a Syngenta territory manager prior to PMP participation in the Syngenta Service Container Stewardship Program.
- PMP will agree to provide the necessary information in the event that service containers are requested, such as the number of service trucks or technicians.
- PMP will agree to work closely with a Syngenta territory manager to perform the requirements in the Syngenta Service Container Stewardship Program.
- If Syngenta determines the service container request is justified, Syngenta will provide the appropriate quantity of service containers for the account as needed.
- Syngenta reserves the right to investigate each service container request, to verify all purchases or to modify or discontinue this Syngenta Service Container Stewardship Program at any time.
